3rd KRYON: KNOWLEDGE FOR TODAY – Sandra Esch

In 1989 Lee Carroll began channeling an “angelic entity from beyond the veil” named Kryon. Kryon has given much information about the changes in the earth as well as in our bodies. In 1990 he predicted that the earth’s magnetic field would change drastically, which it did in 2011. Kryon also talks about the “new energy” that our world is now in. In Kryon’s words, “You are magnificent and you have the ability at this point to finally begin to see it, and to cast all the fears and the voices in the back seat of life and tell them you are in charge now and you are the one driving the car of your reality. ... I am Kryon, in love with humanity for what it has done, against all odds.”

10th THOUGHTS THAT TURN THE HEART TO FREEDOM – Phil Jannetta

Life’s pleasures and demands can distract us from the primary questions of meaning and purpose until unsolvable problems arise. Phil will present four key Buddhist insights to keep you focused on what is meaningful and enduring, and that bring satisfaction to each day.

17th THE ONE COMMAND – Judy Burke

The One Command is a simple six step process that helps you to tap into the unused portions of your mind. This process unlocks a power within you so great. It allows you to instantly stop your fearful, negative thinking in its tracks and reach the peaceful mental state of theta, from where you can naturally draw wealth and happiness to you. Those attending will learn the importance of different brain waves and how to access this theta brain wave state. We are all wired for success and only need to learn how to access our greater intelligence. During this lecture, you will learn how to do just that.
